PEPE CEYLON™

Essence of Nature

# Company Profile

Contents

Pepe Ceylon is a food processing company that produces a variety of spice- and herb-based products. We proudly partner with local smallholder farmers in Uva Province, Sri Lanka. We cherish the bounty of nature's biodiversity and nurture it for generations.

# Vision

To be the premium brand for natural products that promote health and well-being, providing superior quality and diversified products to the global markets by being a progressive and profitable group that differentiates the service and adds value to products to create a community with sustainable and meaningful values.

# Mission

Deliver exceptional quality products by applying accurate and up-to-date knowledge in a meaningful and sustainable way for the benefit of all stakeholders and the environment.

# People

**Gayan Wannisinghe**

Gayan Wannisinghe, the Founder and Operations Director of Pepe Ceylon, hails from Monaragala in the Uva province, Sri Lanka. Growing up in a diverse landscape between the East Coast and Central Highlands, he developed a deep connection with local spices and herbs.

Gayan holds a bachelor's degree in Civil and Environmental Engineering from the University of Ruhuna and has ventured into entrepreneurship, founding CISS Engineering. His passion for Sri Lanka's unique flavours inspired him to establish Pepe Ceylon, sharing these treasures with the world. Gayan embodies determination, achievement, and the pursuit of dreams, making his journey a vibrant tapestry of experiences that contribute to his remarkable life story.

**Thilini Weerasooriya**

Thilini Weerasooriya, the Managing Director of Pepe Ceylon Pvt Ltd, is an accomplished Information Technology professional with a profound interest in the rich heritage of Sri Lankan spices and herbs.

Thilini holds a bachelor's degree in Information Technology Specialized in Information Technology from Sri Lanka Institute of Information Technology, and a Master's degree in Computer Science from University of Colombo School of Computing. Her passion lies in exploring their diverse uses in culinary traditions around the world. Driven by a dream to elevate Sri Lanka's global presence, Thilini is dedicated to sharing the unparalleled essence of Ceylon, bringing its unique flavours and values to kitchens everywhere.

# Raw Material

PEPE CEYLON sources its spices, herbs and other food ingredients from smallholder farmers covering diversified agroecological zones ranging from Upper Uva to dry zone areas in the Southeastern flat terrains of Central Highlands through the intermediate zone.

PEPE CEYLON commits to delivering the essence of nature to the world for your nutrition and health needs.

# Production

Once handpicked at the source, handling of the raw material and transportation are carried out in compliance with meeting required quality with the supervision of PEPE CEYLON personnel. processing, packaging, and storing are done in the fully owned processing centre with the machineries meeting global standards like food grade stainless steel surfaces and so on.

# Ceylon Pepper

*(Piper nigrum)*

SEEDS | POWDER

PEPE CEYLON Pepper products are made from dehydrated, naturally matured pepper berries handpicked from pepper vines in the off-season fruit belt in Uva Province, Sri Lanka.

PEPE CEYLON Pepper is available as seeds and powder, which are particularly popular as it is rich in 'piperine', the alkaloid which lends it a distinct pungency.

Pepper is one of the oldest commercialized spices in the world and is known as the "King of Spices".

# Single Origin Ceylon True Cinnamon

*(Cinnamomum zeylonicum)*

QUILLS | POWDER

"PEPE CEYLON True Cinnamon Quills and Powder" are made from Single Origin Ceylon True Cinnamon trees in Uva Province, Sri Lanka. After going through the traditional manual process of separating the inner bark from the tree, the bark strips are then carefully processed to make true cinnamon quills and powder, which are rich with cinnamaldehyde, which gives a strong aroma and flavour to various cuisines.
